

# Lahood Co-active Relationship-Based Spiritual Inquiry

## An inquiry group is forming in Byron Bay for 2012

This is an opportunity to learn and practice relational spirituality with Dr G. Lahood anthropologist, angelologist, psychotherapist and co-active transpersonal researcher. Dr Lahood developed this approach to spiritual transformation over the past 20 years.

- Learn the art and practice of charismatic inquiry
- Learn to make deeper contact with self and other
- Release oneself from hidden spiritual narcissism
- Deepen our sense of divine participation
- Learn what relational spirituality has to offer
- Learn a set of mindful inquiry skills
- Explore the Angel of Life

Sometime around the end of Jan and the beginning of Feb 2012 we will have a meeting to discuss the relational co-inquiry method and culture. The purpose of the foundation meeting is to also discuss the potential of forming an ongoing meeting and also to outline the inquiry process, the philosophy and logic behind the practice; to discuss the organizational aspects; the fee structure and launch of the longer cycle of meetings ... given there is the interest. So please feel free to invite friends, associates and interested persons. Gregg will teach the inquiry method over the course of 20 weeks in 2 hour weekly sessions. After which we will reflect and review our needs at that time. The group will likely emerge and continue (outside of the training spell) as a full-blown radical peer relational spirituality group.

To come to this meeting please contact G. Lahood 0431112514 [gregg@gregglahood.com](mailto:gregg@gregglahood.com)
